

Making a Difference CONTINUED

Enthusiasm is at the heart of any positive change in the world. Each of us have something to offer to uplift the spirit of others, whether through achieving a lifelong goal that inspires children to make better choices, influencing friends to a healthier way of life, helping people heal themselves, creating a joyful workplace or home, or connecting more deeply with family, nature, or a cause. In all of its expressions, enthusiasm is a gift to be shared with the world. Enthusiasm, however you define it, is at the core of all success. Whether you're hoping to achieve a big dream, heal your body, find peace of mind, influence a client to choose your product, push for a promotion, derive more pleasure from your community or church, or have deeper committed relationships with those you love, enthusiasm can help.
